

WATER DISTRIBUTION & WASTEWATER COLLECTION ENGINEERING

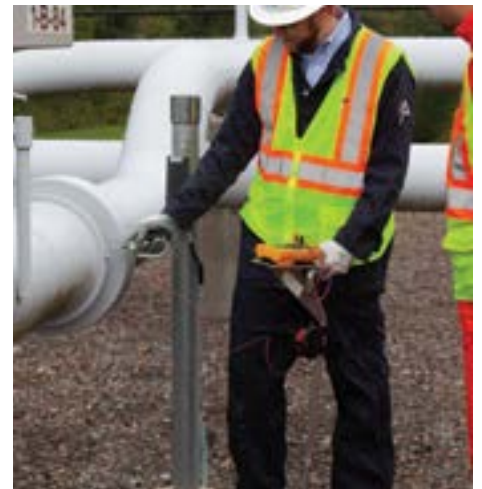

Rapid technological and regulatory changes are impacting the field of water and wastewater engineering. MasTec Professional Services integrates engineering expertise with a comprehensive understanding of industry advancements and the permitting and approval processes to deliver a full scope of services for the development and upgrade of water distribution and wastewater collection systems.

We provide reliable and responsive project solutions, including evaluation, feasibility, and analysis; federal, state, and local permitting; regulatory program compliance and documentation; engineering and detailed system design; and complete project management.

MasTec Professional Services delivers interdisciplinary water infrastructure solutions for municipalities, public utilities, and private developers while meeting environmental protection and sustainability standards. Our experts design and oversee customized solutions for the disposal of wastewater, storm drainage, flood prevention, corrosion control, and more. With an unwavering client focus, we deliver safe, innovative approaches that provide the highest value solutions to even the most complex water and wastewater issues.

COMMITMENT TO SAFETY

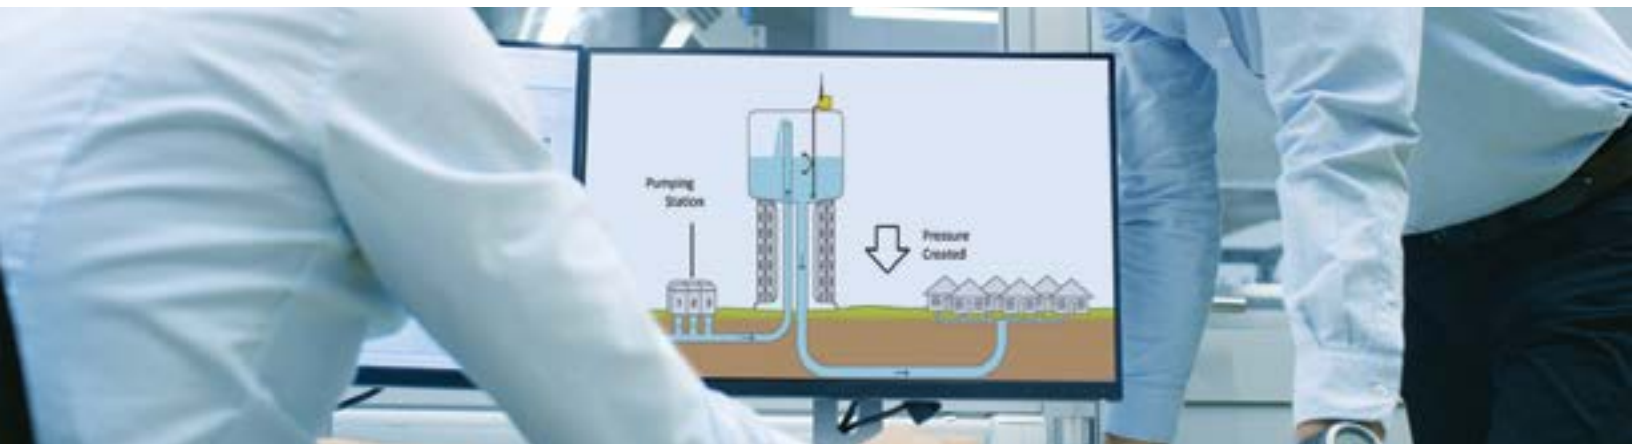

At MasTec companies, we are committed to protecting the environment and conducting our operations in a manner that promotes the health and safety of our employees, customers, and the communities in which we operate. Safety is a core value. We recognize the need for our workforce to have a safe and healthy workplace and are committed to maintaining a strong and sustainable safety culture in our organization. We prioritize investments in safety equipment and training because we care deeply about everyone going home safely.

ABOUT

MasTec Professional Services provides results-driven engineering, design, and integrated services to the power, oil, gas, and water industries. With a genesis in construction and a skilled team of multidiscipline engineers and project management professionals, we deliver end-to-end solutions for infrastructure projects across the country.

The MasTec Professional Services team is committed to excellence in every aspect of our work. We create collaborative partnerships with our clients, building trust by consistently exceeding expectations. Whether providing a singular service or a complex, comprehensive program, we bring a dedication to safety, a deep understanding of infrastructure, and the highest standards of performance to every job. Our best-in-class abilities include design, asset integrity management, feasibility studies, surveys, constructability reviews, turnkey delivery services, and more.

MasTec Professional Services is a subsidiary of MasTec, a certified Minority-Controlled Company by the National Minority Supplier Development Council (NMSDC).
